

The Origin of the original Hebrew of Ecclesiasticus - Scholars Choice Edition

"Elegant and clear in presentation, with masterful control of the history of interpretation, Bartholomew has made a significant contribution to Ecclesiastes studies. He handles all the critical issues with care and insight and has given us a readable and penetrating portrayal of this enigmatic witness."

—CHRISTOPHER R. SEITZ, Wycliffe College, University of Toronto

"Bartholomew provides an exegetically accurate, theologically sensitive, and culturally relevant reading of the enigmatic Qohelet. For Bartholomew, Ecclesiastes is neither a dusty museum piece confined to ancient history nor an alien treatise limited to a past religious era. Instead, by combining the best historical, linguistic, literary, canonical, theological, and hermeneutical perspectives on this text, Bartholomew treats Ecclesiastes as a dynamic text that speaks powerfully into the (post)modern context of church and culture."

—MARK J. BODA, McMaster Divinity College, McMaster University

"It is a rare commentary that is both readable and learned. Even rarer is one that immerses readers in the deep questions of life. Bartholomew's new book helps us to think our way through Ecclesiastes and its mazes. More than that, it confronts us anew with the mystery and responsibility of human existence before the face of God."

—RAYMOND C. VAN LEEUWEN, Eastern University

"Bartholomew's work is exemplary in its presentation of theological and practical reflections that naturally flow out of the exegesis rather than seemingly being tacked on to it. At the same time, there is a sufficient treatment of linguistic, syntactical, and text-critical matters, as well as constant engagement with leading alternative interpretations."

—RICHARD SCHULTZ, *Review of Biblical Literature*

"Bartholomew's writing style is elegant, and he keeps the reader's interest. This commentary is worth the buy just for its wonderful history of interpretation. . . . [It] is worthy of purchase certainly by Qohelet experts but also by general scholars and educated laypeople. Young scholars will find it especially helpful as an introduction to contemporary issues. It is eminently readable, original, interesting, and deep."

—MARK SNEED, *Catholic Biblical Quarterly*

"[Bartholomew] has succeeded in drawing together the best of previous scholarship and then added his own unique insights that break much new ground for future research. The commentary demonstrates Bartholomew's wide reading, careful research, literary sensitivity, and intellectual and cultural awareness."

—DANIEL J. ESTES, *Bulletin for Biblical Research*

CRAIG G. BARTHOLOMEW (PhD, University of Bristol) is the H. Evan Runner Professor of Philosophy at Redeemer University College, Ontario, and principal of the Paideia Centre for Public Theology.
